FEATURES & OPTIONS

Vehicle Description

This 2016 GMC Yukon SLT just came in on trade from a dear friend of mine who upgraded to a 2020 GMC Yukon. We originally sold this vehicle to them. This 2016 Yukon SLT is loaded with options and only has 75,000 miles. This vehicle is equipped with heated and air conditioned seats, leather seats, quad seating, Navigation, blind spot monitoring, moon-roof, power third row, push button start (two sets), power everything, factory remote starter, 4x4, and much more. Give us a call to talk a look at this well cared for great running Yukon. We can also help with financing. Thank you.
